

The background of the entire image is a dense, top-down view of various microgreens. The greens are in different stages of growth, with some showing small, round leaves and others showing more elongated, feathery leaves. The colors range from bright, vibrant green to a slightly darker, more muted green. A thin, dark green rectangular border is superimposed over the center of the image, framing the text. On the left and right sides of this border, there are decorative, stylized leaf branches that extend outwards, adding a natural and organic feel to the design.
